

Swissness in Poland WYSTAWA "AT HOME AT WORK"

We have the pleasure to invite you to the Vitra exhibition „At home, At work“ within the framework of our Swissness meetings in Poland. How and where we work depends entirely on us – we can go in to the office, work at home or even work in the park. In specially arranged areas, we will present design classics in a modern environment. The Ambassador of Switzerland, H.E. Bénédicte de Cerjat, will honour us with his presence during the event. Our guests will have the opportunity to win a prize in a raffle during the evening.

Please confirm until Friday the 24th of September,
