

100

Przyjaźń na okrągło

The Embassy of Switzerland in Poland is celebrating its 100th year of existence!

To mark this occasion, we have commissioned Swiss-Polish artist Philipp Krebs and engineer Paul Reichardt to conceive an art installation that represents the long-lasting friendship between our two countries.

The installation entitled "Przyjaźń na okrągło", 13 by 16 meters in size, will be shown in the garden of the Embassy and will consist of 96 red and white balloons, each with a diameter of 1 meter. The balloons will be able to rotate and display both the Polish and Swiss flags.

The installation will be on view from early September until mid-November 2021. The main sponsors of the art installation thus far are ABB, Credit Suisse, EUROGLAS POLSKA, Novartis, PATH Family Office (Suisse), Stadler Polska, and SWISS KRONO.

Be part of it!

Would you like to showcase your company's Swissness by receiving an attractive souvenir and be part of this project? We offer you an "additional support" package that includes:

- **A limited-edition sculpture which commemorates the art installation.**

The sculpture can be personalized with your company name. Alongside is an image of this object, with its dimensions and specifications.

- **Acknowledgment with your company name as "additional supporter" on a poster on the Embassy fence, right underneath the art installation, for the duration of the exhibition.**

The price of this "additional support" package corresponds with the founding year of the Embassy: 1'921 Złotych.

If you would like to become involved in the centenary, please contact Matthias Dettling, Deputy Head of Mission, at warsaw@eda.admin.ch
